NEW YORK GIANTS TAKE LEAD AGAIN IN WORLD'S SERIES

TEXAS SYNOD HOLDS FIRST MEETING TONIGHT

SHENANDOAH CROSSES MISS. RIVER ABOUT NOON TODAY

SPEED OF HUGE AIRSHIP NOW 56 MILES HOURLY

ABOARD U. S. S. SHENANDOAH (Radio to United Press) Oct. 8.—Increasing her speed to 56 miles per hour with gradually diminished headwinds, the Shenandoah approached the Mississippi river toward noon. The huge airship sailed into the upper strata of the Mississippi over Columbus at 9 o'clock headed for Greenville, expecting to cross the river at that point around noon. She is flying at an altitude of 3500 feet.

FORT WORTH, Texas, Oct. 8.—Plans were completed here today for the reception of the giant dirigible Shenandoah, expected to nose up to the mooring mast of the government helium plant near here about midnight tonight.

A battery of searchlights, discernible at a distance of fifty miles, will guide the craft to the mooring mast, and illuminated letters on the ground will advise the crew of landing conditions.

Facilities are in readiness to replenish the helium supply in the big bag from the helium plant. Anchor facilities at the plant are the same as at Lakehurst, New Jersey, San Diego and Seattle, other stopping points for the air cruiser.

ABOARD U. S. S. DIRIGIBLE SHENANDOAH, en route to Fort Worth, Texas, Oct. 8.—By Radio to the United Press.—Sailing westward over the old south the Shenandoah continued her cruise toward Fort Worth first stop on the long flight to the Pacific Coast today.

We passed over Atlanta, Ga. at 4:10 a. m., the bright lights in the city indicating many people had arisen for the voyage has been without excitement, the air cruiser behaving with all the regularity of an ocean liner and riding with much greater smoothness.

Commander Landsdown expects to reach Fort Worth tonight.

MOMENTOUS DEBATE NOW IS GOING ON

(By United Press) LONDON, Oct. 8.—A momentous debate which may lead to the fall of England's first Labor cabinet, was started in the House of Commons this afternoon when Sir Robert Horne moved a vote of censure on behalf of the conservatives because of failure of the government to prosecute communist editor Campbell, charged with sedition.

WILLING FOR PROBE

(By United Press) IDAHO FALLS, Oct. 8.—Senator William Borah of Iowa is willing to call together the Senate Campaign Expenditures Committee of which he is head, any time he is shown sufficient cause, he declared here. Commenting upon the telegrams sent him by La Follette, La Follette's telegram followed that republicans were gathering a "slush fund, amounting to millions, to buy" the November election.

KNOWS NOTHING

(By United Press) WASHINGTON, Oct. 8.—C. Bascom Sloop, secretary to President Coolidge, branded the statement of Senator La Follette, connecting him with any knowledge of republican campaign expenditures. "I know nothing about the finances of the campaign and have no connection with it," Sloop said in a formal statement issued at the White House.

RAILROAD WRECK CAUSES LOSS OF LIFE

(By United Press) ROME, Oct. 8.—The Rome-Paris express train was derailed near Santa Margherita with a heavy loss of life, was reported.

JOHNSON MAKES ONLY ERROR FUMBLING BALL

The New York Giants took the lead again today in the race for baseball championship of the world. The game now stands, New York 3 and Washington 2.

The next game will either tie it up again or end the series.

Bentley pitched for the Giants, handling the ball in superb manner until the eighth inning when Goslin hit a home run, with no man on. He hit a homer Tuesday with two men on. Following his run, next man up got a single, resulting in a conference by Giant players and McGraw promptly heeded their warning and took him from the box, substituting with McQuillan. At this juncture the game stood Washington 2 and New York 3.

In the last half of the eighth the Giants came to the bat and filled the bases. Walter Johnson still remained in the box, however, and before the inning was over three more runs had been made.

Bentley's home run in the fifth won the game for New York when the score stood Senators 1 and Giants 1. With one man on the bases, he came to bat and hit for a homer, netting two scores which gave the New Yorkers the lead which they maintained.

Sunshine dried the field prior to the game, precluded by rain and clouds.

The only error made in the game was in the eighth when Johnson fumbled a bunt and allowed a runner to reach first.

Eat, Drink And Be Merry, That's All

(By United Press) SAN ANTONIO, Oct. 8.—"Dry and hungry" were the outstanding motives furnished police by J. B. Kirkwood in reporting the robbery of his home by some prowler who neglected to leave his car.

A gallon of grape juice and a jar of fig preserves was the only loot of the prowler, although several articles of clothing were handy, Kirkwood said.

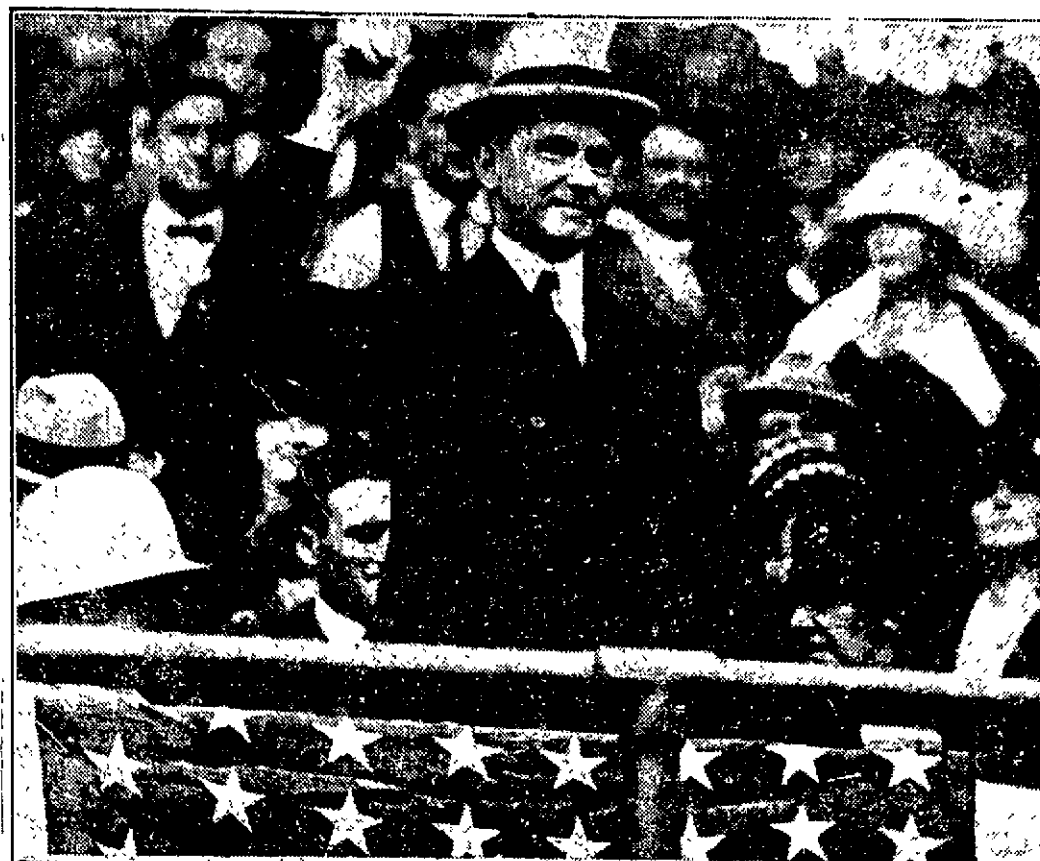

WATCH BURIED 15 YEARS IN CONCRETE STILL RUNS

(By International News Service.) LOS ANGELES, Oct. 8.—Buried in concrete for 14 years, a watch was found here still ready to tick away the time.

William Garlock found the timepiece while tearing down an old building. He wound it up and it keeps perfect time.

The watch, Garlock learned, was dropped by a cement worker when the building was constructed.

SYNOD OF TEXAS MISSIONS COMMITTEE GOES OVER BUDGET, SURVEYS SERVICE AHEAD AND FORESEES GREATER DEMANDS

The Board of National Missions located in the following Presbyterian churches: Houston and Jefferson, Austin and Brownwood, Ft. Worth, French, in Southern Louisiana, and, Bohemian work in Texas, through Rev. J. R. Vilt of Needville.

The committee is composed of the following members: George W. Fender, Chairman, Texarkana; B. A. Hodge, D. D., Secretary of Waco, of Temple; R. Thompson, D. D., Secretary, Presbytery of Amarillo, of Amarillo; Fred S. Rogers, Presbytery of Abilene, of Merkel; Edgar Hubbard, Presbytery of Austin, of San Antonio; R. R. Rives, Presbytery of Brownwood, of Brownwood; D. S. Griener, Presbytery of Dallas, of Terrell; Floyd Poe, Presbytery of El Paso, of El Paso; R. Crockett, D. D., Presbytery of Ft. Worth, Denton; J. E. Ferguson, Presbytery of Houston, of Houston; T. E. Keasler, Presbytery of Jefferson, of Athens; J. R. Vilt, Presbytery of Southwest, of Newman, of Dallas; \$10,800 for 5 Sunday School Missions; \$11,350 for Spanish missions at El Paso, San Antonio and San Angelo; \$10,750 for work in town and country and \$3,100 for special work.

The Sunday School Missions are

Louisiana Demos Want Protection On Tariff Issue

NEW ORLEANS, Oct. 8.—A greater protective tariff was demanded by Democrats of Louisiana and other Southern States at the opening of the Southern Tariff Association which convened here Tuesday. The demand was made in the interests of sugar, cotton, rice and other Southern products.

"Southern democrats have been too sentimental in their attitude toward public questions; they've voted the democratic ticket and forgotten to consider what will help their interests," the speaker said.

MOONSHINERS KILL DRY AGENT IN A BATTLE WEDNESDAY

(By United Press) HARLAN, Ky., Oct. 8.—One dry agent was killed and two fatally wounded in a pitched battle with moonshiners near here this morning. Hiram Fee, 65, was killed outright, and Alex Vanover, 37, and John Elliott, 22, are dying.

HOW'S BUSINESS?

"We certainly have no right to complain at the volume of business done this fall so far," remarked John I. McElroy, head of the big Higdon-McElroy department store when asked how business in his line compared with the same selling season a year ago.

"We gained at least 33 1-3 per cent in September over the sales of September, 1923, and expect to beat that record during October. We usually put forth a concerted advertising and selling campaign in October each year and this season's business promises gratifying results. We shall perhaps double last year's record."

"A rather optimistic spirit permeates the buying public at present, and although we are facing a rather short crop in this section, prices promise to become better and people are not buying stingily. Mexia's trade territory is becoming greater each season and we draw business from a wide section because of the varied stocks carried. Our business firms deserve a wide patronage. The dry goods business is good."

Higher Court To Hear Questions In Dickson Suit

(By United Press) AUSTIN, Texas, Oct. 8.—The injunction suit filed by Charles Dickson of San Antonio to keep the name of Mrs. Ferguson off the November ballot, will be certified to the State Supreme Court, according to announcement from the Third Court of Civil Appeals here. The list of questions to be certified probably will be submitted to the court today. Counsel for both sides are co-operating in an effort to secure a ruling of the high court prior to election day.

Mexico Modifies Embargo Barriers

(By United Press) HOUSTON, Texas, Oct. 8.—Mexico modified her embargo barriers against the shipment of Texas products because of the hoof and mouth disease outbreak, in all counties where the malady was first discovered. This action followed a conference of Mexico officials with federal authorities in the infected region. The slaughter of 5000 cattle condemned Tuesday started this morning.

Eubanks Extends Welcome To Synod For Mexia C. of C.

Hardy Eubanks, President of the Mexia Chamber of Commerce, extends the following welcome to the Texas Synod:

The business men of Mexia, through their Chamber of Commerce, are pleased immeasurably to join all Mexia in extending to the delegates and visitors to the Texas Synod and Woman's Synodical, a most hospitable welcome to "The City That Vision Is Building."

Every hand is extended to you most cordially and the business men are anxious to cooperate in every way possible and plausible to make your stay with us memorable.

The Chamber of Commerce joined in the invitation which brought you here and now shares in the joys of your presence. Its headquarters in the city hall, second floor, corner of Main and McKinney streets, are open to you, day or night to render any service which your pleasure or requirements desire.

We, as Mexia, citizens are proud of our wonderful home section, so abundantly blessed with marvelous natural resources, developed, developing and undeveloped. But while you may be impressed with our wonderful community, our citizenship is our greatest pride. Our city has almost trebled in population within the past four years and we are yet striving to go forward. Our program of development and growth has never overlooked the necessity of encouraging and fostering spiritual growth along with marks of material progress.

We, therefore, feel that your presence here will be an inspiration to us. We will do our best to entertain you while here, but know at the same time that we ourselves will benefit by the larger entertainment which you will afford us.

A. HARDY EUBANKS, President Mexia Chamber of Commerce.

Hornbeck Test To Start Down Sometime Today

J. B. Patty et al expect to resume operations at the Hornbeck test Wednesday. The test is now down 1505 feet and has been idle some several months. The renewed activity there has caused considerable interest at Tehuacana. It is just this side of the Tehuacana hill on which the town is located.

It is west of the Boyd test on the Boyd lease in Northeast Mexia and southwest of Carter and Lytle's Manning number 1, near Wortham. Practically the entire townsite of Wortham is now under lease, according to reports here. It is declared that the Humble Company has figured in most of the lease transactions. The price paid generally has been around \$200 per acre.

Mead and Wilson were to start drilling in their Davis number 2, near Richland, today. The Atlantic Company has completed all its operations in the Richland district. Number 5 and number 6 are the last ones to develop into paying producers. The Atlantic's producers are on the Swink.

McIntyre expected to complete the well on the Richards tract the latter part of this week. The Gulf has made a third location on the Elkins farm, 300 feet North of the number 2.

NEW CHARTER GRANTED ORGANIZATION HERE

Among the Texas charters issued Tuesday was: Bains Creek Petroleum Company, Mexia, capital stock \$10,000: W. E. Smith, J. P. Smith and W. T. Church.

NOVELIST DYING

(By United Press) TOURS, France, Oct. 8.—The condition of Antole, France's famous novelist, is believed to be near death, a physician's bulletin said at noon.

OPENING SERMON BY MODERATOR REV. HODGES OF DENISON

At 7:30 P. M. at the Central Presbyterian church, the 1924 Synod of Texas will be called to order for the opening of the five day session.

Prior to the opening sermon, which will be delivered by Rev. J. S. Hodges, Moderator of Denison, a program will be conducted, participated in by other delegates and citizens of Mexia.

Following the prelude by Mrs. George Stubbs of Wortham, the congregation will join in "All Hail The Power of Jesus Name." The invocation will be pronounced by Rev. E. H. Hudson, pastor of the First Presbyterian church of this city. The Central Presbyterian choir will render an anthem "When the Lord Turned Again."

The address of welcome in behalf of Mexia commercial and civic interests will be delivered by L. S. Patterson. The address of welcome in behalf of the churches of Mexia will be given by Rev. Victor K. Aubrey, Pastor Host, of the Presbyterian church; Presentation, by H. L. Hall, Chairman of the Committee on arrangements.

Other features will be the roll call; Communion of the Lord's Supper, Election of Moderator and announcements by Jere Cason, Secretary of the Chamber of Commerce.

The second session of the Synod will be at the Central Presbyterian church, Thursday morning, beginning at 8:30 and is as follows: 8:30-9:10—Bible Hour. Rev. M. Willard Lampe, P. H. D., General Director of the Department of University Work.

9:15-10:00—Synod Divided Into Three Classes: (1) "Of One Blood," conducted by Miss Rose Stewart. (2) "China's Real Revolution," conducted by Mrs. R. M. Graham, representing the Board of Foreign Missions. (3) Rural Workers' Conference. Discussion led by Rev. J. N. Coker. (4) "China's Challenge to Christianity," conducted by Rev. W. M. Cleaveland, D. D.

10:00-11:00—General Meeting. Song Services, Miss Anna Walden, Leader. Address, Rev. F. E. Stockwell, D. D., General Director of the Department of Colleges and Seminaries.

11:00-12:45—Business Session. Report of Committee Christian Education, Rev. David H. Templeton. Oregon Plan Program, Rev. Glenn L. Sneed, D. D.

12:45-2:15—Luncheon complimentary to Speakers and Commissioners. H. C. Glenn, Chairman. Address, "Christian Leadership of Men," Rev. Geo. P. Horst, D. D.

2:15-4:00—Business Session. Report of Committee National Missions, Rev. Geo. W. Fender, D. D. Address, Rev. Geo. H. Mack, D. D. Subcommittee State University Students.

4:00-6:00—Committee Meetings and Recreation.

West Texas Is After Railroad

(By United Press) AUSTIN, Texas, Oct. 8.—The construction of 228 miles of railroad is called for in a charter issued to the Roswell, Lubbock and Memphis Short Line Railway Company, principal office, Houston, capital stock \$250,000. The proposed line will run from Wellington in Collingsworth county, westward across the lower Panhandle counties to a point on the Texas-New Mexico line in Cochran county. The company officials are all Houstonites.

1924 COTTON.

WASHINGTON, Oct. 8.—The condition of the cotton crop Oct. 1 was 53 5-10 per cent normal, forecasting production this year 12,499,600 bales, the Department of Agriculture announced.

R. L. Wheelock of Corsicana was in Mexia Wednesday.

FANS ANXIOUS TO SEE JOHNSON IN BOX WEDNESDAY

By FRANK GETTY
(United Press Staff Correspondent)

NEW YORK, Oct. 8.—Walter Johnson—in the World's Series—on a dark day.

For more than a decade, since the big Washington pitcher, fans have been hoping for that combination.

Today was Johnson's day to make his second start against the Giants and it dawned with dawning clouds obscuring the sun and tag-end of an over-night rain still falling on the Polo Grounds.

If the soaking the ground received does not necessitate postponing today's game, fifth of the series, which now stands two and two, the National's great pitcher may find things to his liking. By 8 a. m., however, it was brightening up and there was a possibility of the same mid-summer baseball weather that has favored the preceding games returning for this contest.

There will be drama in today's game of the kind that makes baseball worth while.

The second appearance of Johnson should be even more dramatic than his first. His second chance today means everything in the big pitcher.

Johnson is talking of quitting big league baseball after this year. It is possible that this may be his last appearance in fact time. He can stay if he wants to, of course, but he is beginning to hanker for a little ball club "out east somewhere" where there are no road trips and he can be with Mrs. Johnson and their children.

Walter's work today means everything to Mrs. Johnson too. She went to the first game and sat with an arm full of flowers and shading eyes in the box beside that occupied by President and Mrs. Coolidge, hoping and expecting to see her husband win. And when he didn't she felt worse than he did.

Mrs. Johnson was to be at the Polo Grounds this afternoon to watch her husband's big test, his fight to repay Washington fans for their idolization.

New York fans who fill the Polo Grounds in record-breaking numbers

LOCALS

C. W. Johnson was here from Corsicana Wednesday.

Ben Hunt is a business visitor to Waco today.

Mrs. B. J. Travis of Terrell arrived Tuesday for a visit with Mrs. Sophie Travis.

A. H. Eubanks has been on the sick list all this week. He is reported better today.

C. H. Parks, painter and decorator, has removed with his family to Houston.

Mrs. Sallie Kennedy has returned from a visit to Chickasha, Okla., and other points in that state.

Mrs. T. G. White spent Monday in Dallas. She was accompanied home by her mother, Mrs. Kennedy.

Only a few ladies have arrived so far for Synod. The largest delegation of women is expected on night trains and Thursday.

Fire Chief Pittman states that Henry Powell also donated \$10.00 to the fire boys in appreciation for their work in last Friday's fire on Palestine street.

Mrs. B. Inwood, proprietor and owner of the City Hotel, is making considerable expenditure on interior improvements of the building, McKinney and Palestine.

Among the Synod guests arriving in Mexia Tuesday were: Fred S. Rogers of Merkel, T. E. Kensler of Athens, La., R. R. Dockett of Denton and Mrs. B. A. Hodges from Temple.

are going to be behind Johnson to a man, if their performance at the third and fourth games of the series are any criterion. They are for the Senators and against the Giants, mostly, except for that little coterie of rhythmically clapping and hooping spectators who would sell any game with their poor sportsmanship.

During yesterday's game Johnson worked out for awhile in deep left field and the crowd paid almost as much attention to him as to the ball game.

A. E. Epperson has been on the sick list the past two days.

Delegates are now arriving for the Synod on every train. Committees have met all trains since Monday and each have met committeemen and delegates from all parts of the country.

Velva Gream, who was injured several days ago by an automobile, is able to be out of the hospital today. He will not return to his work at Western Union for several days yet.

L. C. Hunt, driver of one of the local fire trucks has resigned from the Fire Department and left Monday night for New Mexico. His place on the truck has been filled by Roy Robertson.

The general supposition around the Welch Motor Company is that F. W. Welch, the head of the concern, is in the East seeing the World's series. He left several days ago on a business trip to Detroit, but has not written the last few days.

Dallas is probably the best represented of any city in Texas at the Synod in session here. In addition to pastors of that city, Mr. Laythor, former Mayor and Mr. King, prominent real estate man, are among those already here.

Mr. and Mrs. Val Horn and her mother, Mrs. W. B. Kendrick, were Dallas visitors Tuesday, returning today. They made the trip by auto. Mr. Horn reports the roads to Corsicana rough but from there on to Dallas in pretty good shape.

Henry Saylor, aged 75, has recently completed a trip with horse and buggy from the Mexican border to York, Pa., where he is visiting relatives.

Rond Amundsen, discoverer of the South Pole, has been declared a bankrupt as a result of reverses in connection with his last year's unsuccessful polar expedition.

Some of the ancients believed the world was square. Evidently there were no grafters among them.

Sewanee And Texas A. & M. Game Most Important of Week

Written for the United Press By JOHN W. HEISMAN
Football Coach and Director of Athletics Rice Institute.

HOUSTON, Texas, Oct. 8.—All games in the Southwest Conference this week will be played on Saturday with the exception of the S. M. U.—Austin College battle which will be waged at Dallas on Friday as the opening gridiron attraction of the Dallas State Fair.

The S. M. U. Austin game should be an interesting affair. Austin's football teams have shown steady improvement during the past few years and this year seems to have one of the best squads in the history of the school. S. M. U. has a veteran team and will doubtless prove one of the strongest contenders in the conference. Coach Morrison's men, however, have failed to hit their stride thus far and Austin may spring a surprise on Friday. The odds seem to favor S. M. U.

Howard Payne tackles Texas University at Austin. Texas is favored to emerge victor due to the fact that coach Amis, formerly of Georgia Tech, has hardly had time to build a system at the Brownwood school. Howard Payne is known to have a fighting aggregation and Texas may find them anything but a tender morsel.

One of the biggest games of the Texas season is the clash at Dallas between Sewanee and the Texas Aggies. The latter are mentally and physically ready and have no doubt that they will defeat the Tennesseans. Sewanee was handed a severe jolt last week by Carson-Newman, one of the small schools of East Tennessee. The Aggies had the misfortune to lose the services of Captain "Silent" Miller last week. He was an outstanding star for the Aggies but Coach Bible seems to have plenty of material at College Station and I doubt that the loss of Miller will make little difference in their team strength.

Baylor meets the Central Teachers College of Oklahoma on their own field at Waco. The strength of the Oklahoma team is problematic but Baylor will take pains not to sustain a defeat on her own field. Baylor apparently has her usual strong

Perhaps the hardest fought contest of the week will be played at Fort Worth with the Texas Christian University warriors and the Oklahoma Aggies arrayed against each other. It is a tough assignment for either team this early in the season. A defeat for either means elimination from the race for conference honors.

At Houston, Rice Institute will stack their wares against the Southwestern Pirates. The latter have already encountered some of the toughest teams in the conference and in point of experience will have an edge on the Owls who have played but one game. Team work will probably prove the deciding factor. Rice must win to stay in the circuit race.

Arkansas meets Hendricks College. The strength of neither team is well known at this time. Arkansas will likely win.

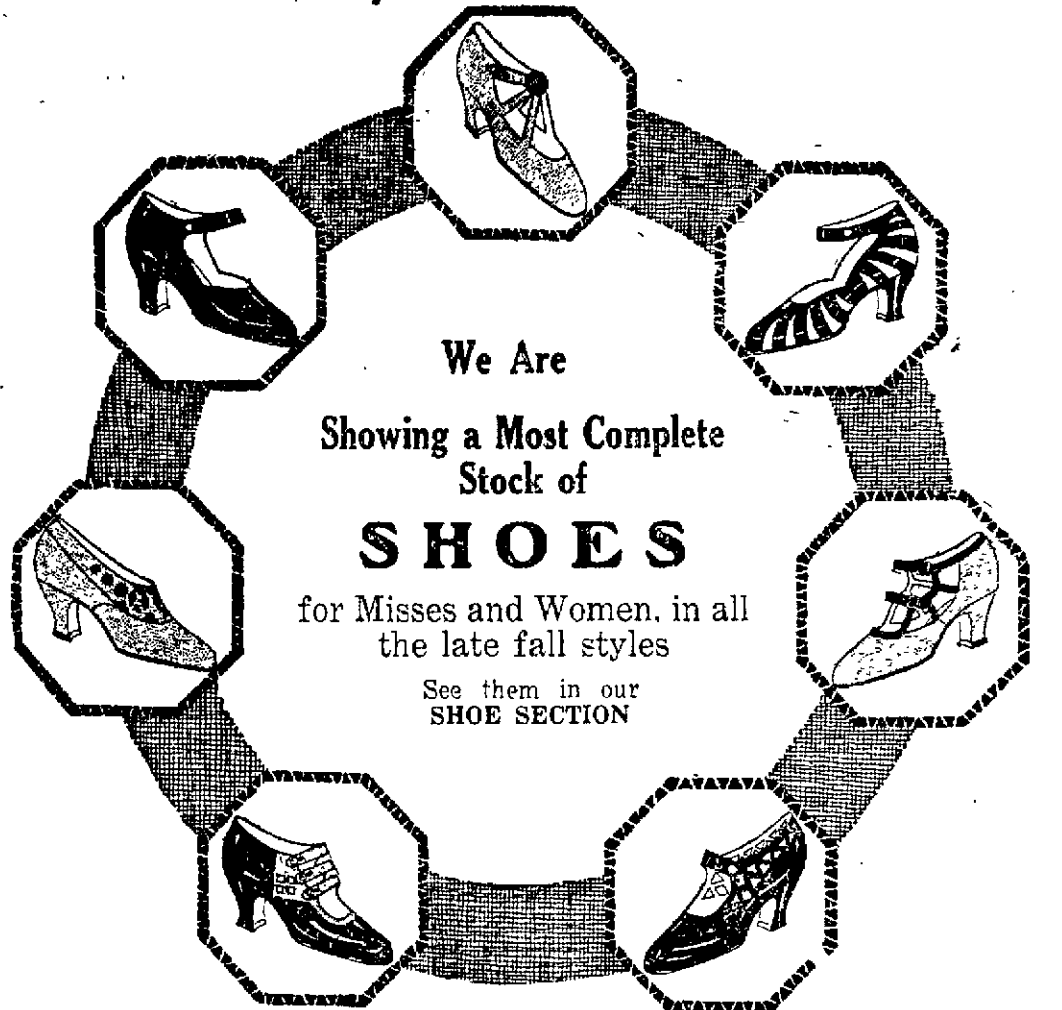

Oscar Bollinger was severely injured near Beaumont, Tex., when attacked on the road by an owl, which caused him to lose control of his car and run into deep ditch.

Although vanity is supposed to be a feminine trait one doesn't have to scratch very deep to find it in a man.

"WE'RE GLAD YOU CAME"

Texas Ranks 37 In Support Of Public Schools

FORT WORTH, Texas, Oct. 8.—Texas ranks 37th in its per capita of State and local expenditure for elementary and high schools, the amount being \$7.32 per person. So says Dr. George A. Works, director of the Texas School Survey, in the second of his reports on a study of the sources from which funds are secured in Texas for the elementary and high schools. Montana ranks first in this respect, spending \$22.33 per capita, while Mississippi comes last with \$3.64. These figures are based on the total population.

Texas has a rank of 10 in the per capita of state taxes going to education. Nevada is first in this with an expenditure of \$7.61, and Florida is last with 70 cents, while Texas spends \$3.64. Although Texas takes 10th in per capita paid out of state taxes, it takes first in proportion of total tax paid by the state. But local communities fall far short in their per capita support of elementary and high schools, giving Texas 43rd place. Texas spends \$2.77 per capita, total population, out of local funds, while Montana spend \$17.64 and Mississippi trails with \$1.72.

In the percentage of the total revenues for providing for elementary and high schools that come from the State, as contrasted with local sources, Texas ranks first. There is no state in which a larger proportion of the revenues for these schools comes from the state treasury.

Dr. Works concludes that the low per capita expenditure is to be explained by the small proportion of the expense of providing for these schools that is borne by the local communities. He believes the state to be relatively generous.

TEAMWORK FOR OUR TOWN

In every city, town and hamlet we may find strong competition in business, differences in politics and religion, social rivalries and personal antagonisms—and these will probably always exist to a greater or less extent.

But there is one common ground on which all should be willing to meet, laying aside personal grievances and prejudices—that is, where the common welfare of "our town" is concerned.

In other words, no matter how much we may disagree and fight among ourselves, we should stand up for our town against all opposition. This sort of teamwork is what makes a town worth while, insures its progress and a better understanding among its people.

By joining with an enemy or rival in some movement for the betterment of the community, we often find him to be a pretty good sort of

NOTICE.

Baptist Church members, regular conference will be held at First Baptist Church, Wednesday night, October 9th, 1924, and all members requested to be present.

Politics Doesn't Interest Richest U. S. Woman

MRS. J. P. DONOHUE

Mrs. James P. Donohue, daughter and sole heir to the immense estate of her father, the late F. W. Woolworth, chain store proprietor, of New York City, pays more income tax than any woman in America—more than \$1,000,000 a year. Mrs. Donohue does not belong to any political party, and never votes, devoting herself entirely to her home and her children.

FRENCH NOVELIST IS RESTING SOME BETTER

(By United Press)
TOURS, France, Oct. 7.—Anatole, France's famous French novelist, ill here, passed a quiet night but is growing constantly weaker, a physician's bulletin said at noon. "The patient is taking food only with great difficulty," the bulletin said.

Development of a strong community spirit is essential to community advancement and no personal feelings should be permitted to stand in its way. Loyalty and teamwork are the things that count.

PIMPLY FACED PEOPLE LEARNING NEW METHOD

It is simply a question of knowing what it takes to clear out those diseases of the skin, like bumps, blotches, pimples, rash, eczema, "breaking out," etc., and the makers of Black and White Ointment, and Black and White Soap seem to have just what the skin needs to get rid of them quickly. The fact that more than two million packages of them are sold every year proves how popular they are.

Black and White Ointment and Soap are economically priced, in liberal packages. The 50c size Ointment contains three times as much as the liberal 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

Protestants And Catholics Organize

(By United Press)
UTICA, N. Y., Oct. 8.—The Hamilton-Jefferson Association aiming to foster a spirit of toleration, in economics, politics and religion has been formally launched here.

Fifty protestants, most of them Masons and fifty Catholics, nearly all members of the Knights of Columbus, constitute the charter members of the parent chapter here. New members will be received only in pairs—one Protestant and one Catholic—in order to maintain the balance.

Leaders of the movement are Arthur J. Foley of the Knights of Columbus and William E. Lee, a Mason.

LEAGUE TO MEET SOON.

(By United Press)
LONDON, Oct. 8.—The League of Nations Assembly may meet about December 10 to take up the matter of Germany's admission and possibly Turkey's according to dispatches from Geneva.

MOSCOW, Oct. 8.—The Russo-Manchurian accord is the culmination of the Soviet Government's diplomatic triumphs and a stunning defeat for entente diplomacy, was the expression of the Journal Investia.

Bennie Klock Fixed The Clock

(By United Press)
DETROIT, Mich., Oct. 8.—Bennie Klock, one of the better known Detroit gamblers, is good when it comes to picking baseball winners.

This Mrs. Ollie Klock testified when she applied for an attachment on the \$10,000 which "Bennie" is sure to win "on the World Series." Bennie owes her back alimony.

"How do you know he is going to win that much?" the judge asked.

"Because Bennie is the best baseball picker in the world," Mrs. Klock said. With that proof Judge Codd ordered an attachment on the \$10,000 hoped-for winnings.

Mrs. Klock refused to divulge who Bennie had selected.

ROTARIANS APPOINT COMMITTEE TO ACT THURSDAY AT NOON

There will be no regular meeting of the Rotarians Thursday of this week. President Hardy Eubanks stated last Thursday that the club would on that day entertain the visiting Rotarians, here for the Synod, and in turn would let them furnish most of the program. The event will be held in the basement of the First Methodist church and only those Rotarians in charge of the affair will be present. The committee is composed of Albert H. Berry, A. Garland Adair and Rev. J. G. Putman.

THE NEWS PUBLISHING COMPANY
TELEPHONE 146

We want the news, all the news of all the people, while it is news, and requests the readers to send in as telephone 146 or 381 news items and paragraphs of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

The Bible and Jesus will reign in the hearts of men. Go on, ministers of such a Gospel. Let wicked men scoff. Go on, and teach the rich man how to use his wealth, the poor how to be happy in his cottage, instructing all men in the way of salvation and giving all men the hope of immortality. You are doing more for mankind than all the world's philosophy ever dreamed of.

SYNOD FACTS.

The opening program, all business sessions of Synod, Mission Study and Bible hours will be held at Central Presbyterian Church.

The meetings of the Women's Synodical Missionary Society during the day will be held at the First Christian Church.

The evening programs will be held at the different churches of the city as designated on the synod program.

Synod Headquarters are located at the Central Presbyterian Church, where the secretaries of the Church,

and Chamber of Commerce will be found. We have provided for you registration desk, post office, telephone, every convenience you may need and will be glad to furnish information upon inquiry.

All delegates and visitors should report immediately to the Central Presbyterian church upon arrival in the city.

MEXIA HAS.

Mexia's educational equipment is unexcelled. Here will be found one of the most complete and up to date high schools in the southwest, which with four ward schools, furnish educational facilities equal to the best anywhere. The high school is located among the first in the state in excellence and actual school work. It is a member of the Interscholar League of Texas Schools and is fully accredited and offers courses in all branches of education. Mexia has more than \$400,000 invested in public school buildings. Three of the

Announcements Of Texas Synod

The following announcements of events during Synod week and members of the local executive committees are given for the benefit of the delegates, visitors and others interested:

Texas Synod.

A reception for the Women of the Synodical and their hostesses will be given at the home of Mrs. R. F. Babb, Thursday afternoon from four to six o'clock, by the women of the Central Presbyterian Missionary Society.

five buildings are new. The attendance is now approximately 1700. Mexia has almost doubled her population in three years. Her schools have kept pace with her increase. Welcome to Mexia, "The City That Vision Is Building."

P. Horst, D. D., led by H. C. Glenn of Temple, will be given complimentary by the Mexia Lions Club, Thursday at one o'clock, served at the First Christian Church by the ladies of the church.

A fellowship dinner, led by Rev. David H. Templeton of the Christian Education Committee will be given complimentary by the Mexia Rotary Club, Friday at six o'clock, to be served at the Methodist church by the ladies of the church.

A thirty mile automobile trip is planned for Saturday afternoon at three o'clock. Starting at the Presbyterian Church, the tour will include a trip over Mexia, a visit to Westminster College, formerly Trinity University, through the heart of Mexia's great oil field, and a visit to the Confederate Reunion Grounds.

A football game will be played at Nowlin Park Friday, October 10, at 3:45 P. M., between Westminster College and Lon Morris College.

Hospital Fund Must Be Paid Month by Month

Rev. C. A. Bickley, Presiding Elder of the Corsicana District of the Methodist church, and district officials of the church, as well as all the pastors and official boards within the district, are making an urgent appeal to the call to support the Methodist Hospital in Ft. Worth movement.

The District campaign committee has recently sent out the following letter:

A STATEMENT AND AN APPEAL. Dear Friends:

The Central Texas Annual Conference, at Weatherford, Texas, November 22, pledged by the vote of the conference to raise \$500,000, \$100,000 a year, to match the \$500,000, \$100,000 a year, that Fort Worth has pledged to build a Methodist Hospital in Fort Worth.

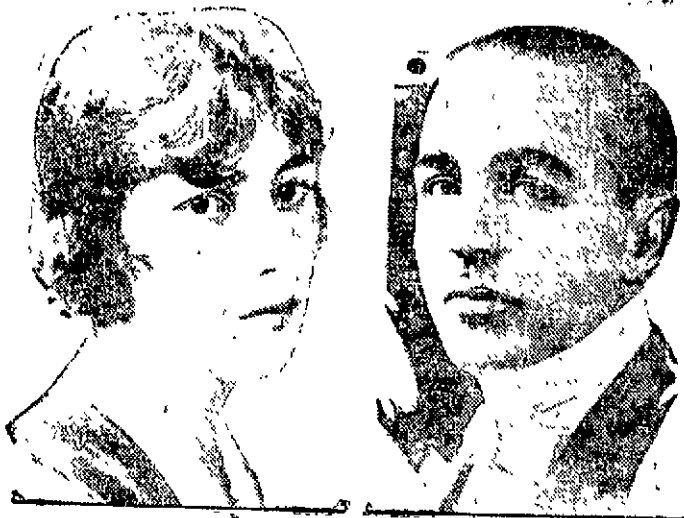

The Corsicana District in District Conference assembled in the Spring of 1923, declared by unanimous vote that the quota of \$63,200, assigned to this District, and we hereby pledge our hearty support to this whole enterprise and to the carrying out of the plan as outlined by the Campaign Committee, and here and now agree to give ourselves wholeheartedly to the accomplishment of this task and as far as we can, pledge the whole membership of the Church in this District to the earliest contribution of this task, to the end that the total quota may be raised by May 27, 1925, or as near thereafter as possible.

This pledge binds all our people in this District, as far as representatives duly elected can bind those they represent. Two-fifths of this amount is due by the Annual Conference of this year.

The Board of Trustees have let contracts calling for the payment of \$20,000 to \$25,000 per month. This is a large sum, but can easily be provided for, if all our people will fall in line and meet the above pledges. Two things are very near at hand: First, that the quota of each Church be secured, either in individual pledges or in Church pledges and that these pledges, properly signed, be sent to the Hospital Office at Ft. Worth. Second, that two-fifths of this quota be paid in cash by the meeting of the Annual Conference of this year.

We, the members of the District Campaign Committee, made responsible for the campaign by the Board of Trustees and also by action of the Annual Conference, urge upon you the importance of attending to this matter at the earliest possible date. It is a dangerous and sometimes fatal. We make this appeal especially

MEN AND WOMEN IN NEWS OF THE DAY

Left: EVELYN NESBITT, divorced wife of Harry K. Thaw, who gained consent of New York courts to reopen the unconcluded divorce suit, by which Jack Clifford, dancer, divorced her. She alleges she was too ill to defend the suit last June and in a counter-suit accuses Ann Luther, New York actress, as correspondent. King Hussein, of the Hedjaz, who has been defending Moosa, the Holy City, against the Wahabi tribesmen, is reported to have abdicated.

AUTOMOBILE TOLL OF LIVES.

Fourteen hundred killed in one disaster would shock the nation, yet approximately that number, 1,398 to be exact, met death during the first eight months of this year in New York state alone through automobile accidents, without exciting any particular attention.

While medicine and surgery are working wonders in the saving of human life, the grim toll of the automobile mounts higher and higher

each year. Most of this terrible sacrifice is entirely unnecessary, being caused by reckless or incompetent drivers. The

COLD RECEPTION.

(By United Press)

DALLAS, Oct. 8.—City ordinances may be amended here for the protection of residents against vicious ice boxes.

Two persons received emergency treatment here in one day as the result of injuries sustained by falling ice box lids.

It is that so many of the victims are merely passengers in the wrecked cars, killed and maimed through no fault of their own.

If irresponsible speed maniacs destroyed only themselves, there would be less cause for grief, but unhappily they often escape, while helpless victims pay with their lives for the folly of these criminally careless drivers.

It is estimated that the people of the United States have given more than two billion dollars for Euro-

A CHAMPION EXTRAORDINARY.

To win a national athletic championship is a great feat, but to win it five years in succession is remarkable. This record has been made by William T. Tilden, 2d, of Philadelphia, who recently won the national tennis championship for the fifth consecutive time.

He is also tennis champion of the world and probably the greatest tennis player of all time.

This distinction may not be important in point of usefulness to the world, but it stamps its holder as a man of prodigious determination and skill, worthy of emulation and the highest praise.

Roy Woodworth, veteran second baseman of the Bloomington, Ill., team, has not missed an inning or a time at bat in nine seasons.

SINCE 1882—THE OLD RELIABLE

Stubenrauch Page In Farm And Ranch Attracts Attention

A recent issue of The Farm and Ranch carries on its front page several pictures of J. W. Stubenrauch and his orchard near here, followed on the next page by a story of his experiences and activities in peach culture.

The pictures, the peaches and the article attracted wide attention throughout the southwest to the fruit possibilities of this section of Texas and also to the fact that Mexia has one of the best farmers in Texas included in its citizenship.

Mr. Stubenrauch is a member of the Board of Directors of the Mexia Chamber of Commerce and has been working for years to attract attention to the "Gold Mines of Tehuacana," speaking particularly of the possibilities of developing a great fertilizer plant Northwest of town, by which the farm lands throughout this section might be enriched.

The Waco Times Herald of Tuesday, in its editorial columns, had this to say:

SPECIALIZES IN PEACH CULTURE.

Away back in the eighties J. W. Stubenrauch gave to the world the "Carmen" peach, which has since made its way wherever peaches are planted. It was the product of the combined blood of Elberta and Bell's October, and was named in honor of a well-known agricultural writer of that time.

Since then Mr. Stubenrauch has originated and tested out scores of other new peaches, and the best of them have been given name and standing among horticulturists only after they had proved their worth under their originator's exacting eye. So conservative has he been in recommending his productions that it has only been within the past few years that they have been commercially propagated.

A writer in Farm and Ranch tells us a visit to the Stubenrauch farm near Mexia would prove a revelation to many Texans, for here they will find peaches maturing from July 1 to October 10, of such variety in character and astonishing size as to command intense admiration for the patience and care that has gone into their creation and production.

Among the many varieties he has produced, Mr. Stubenrauch is rather partial to his "Frank," which is hardy, prolific, and matures about August 15 at Mexia. "Katy" is a late bloomer and matures two weeks later than "Frank," while "Tenn" is a heavy producer of high quality, sure bearer, and a week earlier than Elberta. "Kirk" has never missed a crop in ten years, and "Tough-ena" is a magnificent cling with a skin almost free from fuzz and a firm character that enables it to be well colored on the tree and yet stand up under long shipment.

Some pleasant day, when the mood is on, jump into your Ford and run across to Mexia and get from J. W. Stubenrauch some pointers on peach culture. And, to prove your sincerity, exchange a bit of your cash for some of Mr. Stubenrauch's peach stock, and you can thank us by bringing a basketful of the luscious fruit in due season.

U. S. PRINCESS SUES AND DUEL LOOMS

PRINCESS & PRINCE PIGNATELLI

Princess Ludovica Pignatelli d'Aragon, formerly Miss Ruth M. Waters, of Little Silver, N. J., has left her illustrious Roman husband, finest swordsman in all Europe, and will secure a Paris divorce to marry Andrew Reid, Baltimore society man. In an impassioned scene in the Biarritz Casino, the Prince challenged Reid to a duel, giving him the customary two weeks to answer. Pignatelli is said to have fought thirty sword duels, in all of which he was victor. Reid served in the French aviation corps until America entered the World War, when he joined the American air forces.

A Statement About TRUE STORY

TRUE STORY is today, and it has been since its first issue in May, 1919, under the direct personal editorial supervision of Bernarr Macfadden.

In addition to a group of professional readers, through whose hands must pass every manuscript submitted to the Macfadden Publications, a ministerial board must put its seal of approval on every feature accepted for publication in TRUE STORY.

This carefulness in selection, together with the expression of the high ideals to which TRUE STORY is committed, has given it the most unique position ever attained by a magazine in the hearts and the homes of the American people.

PIONEER NEWS STAND

ATWATER KENT RADIO

Back of Atwater Kent Radio there is a tremendous factory with laboratory and manufacturing facilities that are not surpassed in the whole world—

—there is the spirit and guiding impulse of master workmanship—

—there is a nation-wide reputation for precision—and a recognition of the name "Atwater Kent" as a standard of excellence—

—there is the accumulated experience of more than a quarter of a century in the manufacture of precision electrical instruments—

It is these qualities and high standards that have produced leadership for Atwater Kent Radio—and have made it what many consider perfection in radio construction.

Kiddie Kar Looked Like A Dead Man

(By United Press)

SAN ANTONIO, Oct. 8.—"Officers, come quick. There is a dead man lying beneath my bedroom window" was the breathless message poured into the ear of the night-watch at police headquarters in the early hours of the morning.

The murder squad made a flying trip in an attempt to get on the trail of the slayer.

Slipping around the corner of the house, the officers flushed a deserted kiddie car, lying in the shadows of the house.

KNIGHTS TEMPLAR MEET TUESDAY NITE

Coeur de Lion Commandery, Knights Templar, held a regular meeting Tuesday night and elected nine new members. Next Tuesday night, October 14, was set aside for work in the Red Cross degree, and all candidates for the degree, are expected to be on hand at that time, by 7:30 as the class will be a large one and must be handled in one meeting.

SPORTLIGHTS

Coach Chas. Lewis states that the game Westminster scheduled for Nov. 14 with Hillsboro Junior College has been moved up to Friday, Oct. 17th, to be played in Hillsboro.

It will be remembered that the Hillsboro College played their opening game with Itasca High, which resulted in a scoreless battle. The Itasca eleven should have their complete schedule filled with Junior Colleges instead of High Schools.

The Westminster Wildcats have two open dates on their schedule, Nov. 21st and 27th. Coach Lewis is working on these dates with the intention of playing one of the games in Mexia if possible.

The game Saturday between Lon Morris and the Wildcats will be the last game played at Nowlin park by Westminster unless further change is made in the schedule.

The business men have complained that they are not able to attend games played on Saturday, in view of this fact, Coach Lewis has made arrangements to have the Lon Morris game on Friday afternoon. Do not fail to come out as this may be the last chance to see the strong Westminster eleven in action on the local gridiron this season.

The High School Black Cats will be given an enthusiastic send off by the student body when they leave for their game with Ennis Friday. Not much has been heard from the Ennis County boys this year but it is rumored that they are laying for the Black Cats.

We believe the Cats are going to win, they showed that they had the "stuff" in them by not "blowing up" against the Itasca giants.

The major Southwestern elevens continue to sail in easy water, for the coming week end. Probably S. M. U. will be forced to display some of their tricks in their game with Austin College at Dallas Friday afternoon. The Mustangs have not

I PAID \$5

For These Powders Once By Edna Wallace Hopper I was asked to offer women my aids to youth and beauty, and I did. They are, I believe, the greatest in existence, for I searched the world to get them.

Then countless women ask me about powders. I am an actress and a movie star. We in our world care nothing for expense. Anything which adds to our beauty is worth many times its cost. So I have long paid \$5 per box, as have Hoppers, to obtain Photo 1923 the very utmost in a powder. Each lot was made to my order.

Now I have asked the makers to supply these identical powders, in quantities, at prices all could pay. I have agreed to market them to women who desire them. Thus I am able to supply these same powders at 50c and \$1. I owe that to the kindness of the makers.

I use a heavy cold-cream powder, based on my Youth Cream. It clings and stays. This I call my Youth Cream Powder. But many women like a powder light and fluffy. So I have this powder made in two forms.

All druggists and toilet counters now supply my Youth Cream Powder at \$1 and my light Face Powder at 50c. Both come in three shades—white, flesh and brunette.

There may be greater powders in the world, but I have never found them, and I have consulted the greatest experts. I know that anyone who compares them with ordinary powders will be amazed and delighted. I shall gladly mail you a sample of the kind you want if you will mail this coupon. Please do that now.

Lieutenant Smith To Be Promoted

(By United Press)
DAYTON, Ohio, Oct. 8.—The War Department plans to promote Lieutenant Lowell Smith, commander of the "round-the-world flight" to the rank of captain, it was learned at McCook Field. His promotion will be in the nature of a reward for his leadership of the historic globe girdling flight which other nations thus far have failed to accomplish.
At his earliest convenience Lieutenant Smith will be examined by the promotion board of the Fifth Army Corps area at McCook Field.

been forced to reveal their true football status as yet.

Texas University will not have to open up in their game Saturday with Howard Payne. The Howard Payne Yellow Jackets are very weak this season and Doc Stewart will have trouble in keeping the Longhorns from rolling up a score.

The Texas Aggies have a little harder fight than the other teams but should win easily over the Seawane Tigers.

Rice has not made the looked for showing so far under the coaching of Johnny Heisman, but they should be able to down Coach Gardner's crippled Southwestern Pirates at Houston Saturday.

Bo McMillan's Centenary machine at Shreveport is attracting much attention among football fans, who believe that they have the strongest team in their career. They downed the Loyola squad by 51 to 0, shifting odds in their direction with their clash with Trinity University at Shreveport Saturday.

November McCall's and McCall's Quarterly for winter, now on sale at PIONEER NEWS STAND. R-7-3

CLEANKIDNEYS BY DRINKING LOTS OF WATER

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.
The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.
Jad Salts can not injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to help keep the kidneys an urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year. —(Adv.)

Hold Your Nose and Take It Straight

(By United Press)
SWEETWATER, Oct. 8.—"but it wasn't that kind of a kitty." While the Memphis Chickens were miking at Ft. Worth with disastrous results for the visitors, another Memphis versus Cat battle here had the same conclusion.

I. C. Brown of Memphis went hunting with a Sweetwater friend. While crossing a pasture, the visitor noticed a black and white varmit and gave chase.
Overtaking the animal, the unsuspecting pursuer learned the lesson that hundreds before him have learned.

3:55 Sanitariums.
4:30 Dismissal.

Thursday Evening.
7:15 Song and Prayer Service—Paul Harper.
7:30 Baptist Layman's Union.
8:00 75 Million Campaign and 1925 Program.

Friday Morning.
9:30 Devotional—J. O. Jolly.
9:45 Baptist Literature.
10:15 Associational Missions.
11:00 Home Missions.
11:10 Foreign Missions.
12:20 Luncheon.

Friday Morning.
1:30 State Missions.
2:15 W. M. U. Report.
3:00 Stewardship and Systematic Giving.

3:40 Temperance.
4:05 Sabbath Observance.
4:30 Adjournment.

Friday Evening.
7:15 Song and Praise Service—W. O. Taylor.
7:30 B. Y. P. U. Report.
8:30 Recommendations of Encampment Committee.
9:00 Report of Committee on Recommendations and Resolutions.
Adjournment.

Texas Engineer Surprised When He Sees Stadium

AUSTIN, Texas, Oct. 7.—L. D. Crawford, engineer in charge of extensive irrigation canal projects at Harlingen, recently visited the Texas Memorial Stadium now being constructed on the campus of the University of Texas as a memorial to Texans who fought during the World War, and increased his pledge from \$500 to \$600. Crawford declared that he had no idea of how large an undertaking the memorial was until he visited it and saw the construction work going on.

Many other subscribers to this project are doing the same thing, it was said at stadium headquarters.

"If you tell a man that the stadium will cover thirteen acres of ground, you merely give him an impression of great size, but if he goes out there and walks across one of the stands, he begins to feel impressed," said one official.

H. H. Wehert, of Seguin, is another man who recently increased his pledge. Wehert had pledged \$150 in the spring campaign and recently sent in his check for \$75 more. This is becoming a common occurrence as the subscribers drop into Austin to see the football team in practice and visit the stadium site.

SPIVEY LOSES 251 VOTES IN MEXIA ON RECOUNT OF BALLOTS CAST HERE IN HIS RACE AGAINST J. A. STANFORD

Confirming the nomination of J. A. Stanford for Associate Justice of the Tenth Court of Civil Appeals, in the first democratic primary, Judge James P. Alexander in the Nineteenth district court yesterday at Waco finished the contest suit brought by the defeated candidate, J. W. Spivey, present incumbent of the office.

Stanford's majority after the court had checked the records was 184. His majority as shown by the report of the democratic judicial district convention last summer, following the primaries, was 272.

Spivey alleged in his suit various irregularities and illegalities. Judge Alexander said yesterday that he found no evidence of any intentional

wrong. Several clerical errors, one resulting in a 200-vote loss for Spivey, and the throwing out of a great number of votes not signed by the election judges, made the change in the original count and the one finalized yesterday.

Most of the boxes in which Judge Spivey had hoped to find the result of the election had been checked yesterday, and the court allowed him his claims on the balance of the contested boxes. However with the Stanford lead as already established, and the additional loss to Spivey of 251 votes in the recount of the Mexia box yesterday, the majority of 184 for Stanford was established.

Out of the 700 or 800 votes in the Mexia box, it was found, after checking signatures on the backs of the ballots, that only 40 votes could be counted. Spivey's majority there was cut from 284 to 26.

NEW YORK GIANTS TAKE LEAD AGAIN IN WORLD'S SERIES

TEXAS SYNOD HOLDS FIRST MEETING TONIGHT

SHENANDOAH CROSSES MISS. RIVER ABOUT NOON TODAY

SPEED OF HUGE AIRSHIP NOW 56 MILES HOURLY

ABOARD U. S. S. SHENANDOAH (Radio to United Press) Oct. 8.—Increasing her speed to 56 miles per hour with gradually diminished headwinds, the Shenandoah approached the Mississippi river toward noon. The huge airship sailed into the upper strata of the Mississippi over Columbus at 9 o'clock headed for Greenville, expecting to cross the river at that point around noon. She is flying at an altitude of 3500 feet.

FORT WORTH, Texas, Oct. 8.—Plans were completed here today for the reception of the giant dirigible Shenandoah, expected to nose up to the mooring mast of the government helium plant near here about midnight tonight.

A battery of searchlights, discernible for a distance of fifty miles, will guide the craft to the mooring mast, and illuminated letters on the ground will advise the crew of landing conditions.

Facilities are in readiness to replenish the helium supply in the big bag from the helium plant. Anchor facilities at the plant are the same as at Lakehurst, New Jersey, San Diego and Seattle, other stopping points for the air cruiser.

ABOARD U. S. N. DIRIGIBLE SHENANDOAH, en route to Fort Worth, Texas, Oct. 8.—By Radio to the United Press.—Soaring westward over the old south the Shenandoah continued her cruise toward Fort Worth first stop on the long flight to the Pacific Coast today.

We passed over Atlanta, Ga. at 4:40 a. m., the bright lights in the city indicating many people had arisen, early to look for us.

So far the voyage has been without excitement, the air cruiser behaving with all the regularity of an ocean liner and riding with much greater smoothness.

Commander Landsdowne expects to reach Fort Worth tonight.

MOMENTOUS DEBATE NOW IS GOING ON

(By United Press) LONDON, Oct. 8.—A momentous debate which may lead to the fall of England's first Labor cabinet, was started in the House of Commons this afternoon when Sir Robert Horne moved a vote of censure on behalf of the conservatives because of failure of the government to prosecute communist editor Campbell, charged with sedition.

WILLING FOR PROBE

(By United Press) IDAHO FALLS, Oct. 8.—Senator William Borah of Iowa is willing to call together the Senate Campaign Expenditures Committee of which he is head, any time he is shown sufficient cause, he declared here. Commenting upon the telegrams sent him by La Follette, La Follette's telegram charged that republicans were gathering a "slush fund, amounting to millions, to buy" the November election.

KNOWS NOTHING

(By United Press) WASHINGTON, Oct. 8.—C. Bascom Sloop, secretary to President Coolidge, branded the statement of Senator La Follette, connecting him with any knowledge of republican campaign expenditures. "I know nothing about the finances of the campaign and have no connection with it," Sloop said in a formal statement issued at the White House.

RAILROAD WRECK CAUSES LOSS OF LIFE

(By United Press) ROME, Oct. 8.—The Rome-Paris express train was derailed near Santa Margherita with a heavy loss of life, was reported.

JOHNSON MAKES ONLY ERROR FUMBLING BALL

The New York Giants took the lead again today in the race for baseball championship of the world. The game now stands, New York 3 and Washington 2.

The next game will either tie it up again or end the series.

Bentley pitched for the Giants, handling the ball in superb manner until the eighth inning when Goslin hit a home run, with no man on. He hit a homer Tuesday with two men on. Following his run, next man up got a single, resulting in a conference by Giant players and McGraw promptly heeded their warning and took him from the box, substituting with McQuillan. At this juncture the game stood Washington 2 and New York 3.

In the last half of the eighth, the Giants came to the bat and filled the bases. Walter Johnson still remained in the box, however, and before the inning was over three more runs had been made.

Bentley's home run in the fifth won the game for New York when the score stood Senators 1 and Giants 1. With one man on the bases, he came to back and hit for a homer, netting two scores which gave the New Yorkers the lead which they maintained.

Sunshine dried the field prior to the game, preceded by rain and clouds.

The only error made in the game was in the eighth when Johnson fumbled a bunt and allowed a runner to reach first.

Eat, Drink And Be Merry, That's All

(By United Press) SAN ANTONIO, Oct. 8.—"Dry and hungry" were the outstanding motives furnished police by J. B. Kirkwood in reporting the robbery of his home by some prowler who neglected to leave his card.

A gallon of grapejuice and a jar of fig preserves was the only loot of the prowler, although several articles of clothing were handy, Kirkwood said.

WATCH BURIED 15 YEARS IN CONCRETE STILL RUNS

(By International News Service.) LOS ANGELES, Oct. 8.—Buried in concrete for 14 years, a watch was found here still ready to tick away the time.

William Garlock found the timepiece while tearing down an old building. He wound it up and it keeps perfect time.

The watch, Garlock learned, was dropped by a cement worker when the building was constructed.

FIRST PICTURE SHOWN IN MEXIA OF WORLD SERIES GAMES

PRESIDENT COOLIDGE THROWS FIRST BALL IN FIRST GAME OF WORLD'S SERIES

SYNOD OF TEXAS MISSIONS COMMITTEE GOES OVER BUDGET, SURVEYS SERVICE AHEAD AND FORESEES GREATER DEMANDS

The Board of National Missions located in the following Presbyteries: Houston and Jefferson, Austin and Brownwood, Ft. Worth, French, in Southern Louisiana, and, Bohemian work in Texas, through Rev. J. R. Vilt of Needville.

The committee is composed of the following members: George W. Fender, Chairman, Texarkana; B. A. Hodge, D. D., Presbytery of Waco, of Temple; R. Thompson, D. D., Secretary, Presbytery of Amarillo, of Amarillo; Fred S. Rogers, Presbytery of Abilene, of Merkel; Edgar Hubbard, Presbytery of Austin, of San Antonio; R. R. Rives, Presbytery of Brownwood, of Brownwood; D. S. Grieder, Presbytery of Dallas, of Terrell; Floyd Poe, Presbytery of El Paso, of El Paso; R. Crockett, D. D. Presbytery of Ft. Worth, Denton; J. E. Ferguson, Presbytery of Houston, of Houston; T. E. Keasler, Presbytery of Jefferson, of Athens; J. R. Vilt, Presbytery of Southwest Bohemian, of Needville, and Rev. T. L. Wear, Presbytery of Paris, of Paris.

Dr. George H. Mack of New York has also been with the Board, representing national headquarters of the Board of National Missions.

Louisiana Demos Want Protection On Tariff Issue

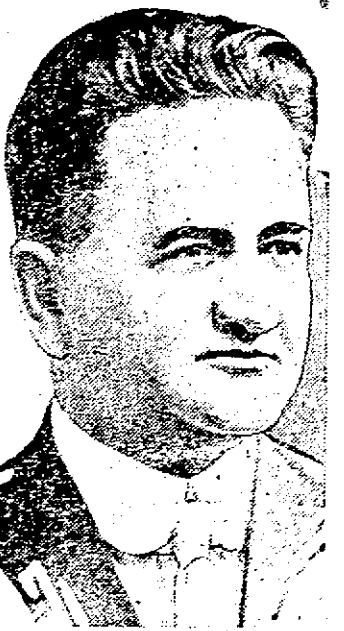

NEW ORLEANS, Oct. 8.—A greater protective tariff was demanded by Democrats of Louisiana and other Southern States at the opening of the Southern Tariff Association which convened here Tuesday. The demand was made in the interests of sugar, cotton, rice and other Southern products.

"Southern democrats have been too sentimental in their attitude toward public questions; they've voted the democratic ticket and forgotten to consider what will help their interests," the speaker said.

MOONSHINERS KILL DRY AGENT IN A BATTLE WEDNESDAY

(By United Press) HURLAN, Ky., Oct. 8.—One dry agent was killed and two fatally wounded in a pitched battle with moonshiners near here this morning. Hiram Fee, 65, was killed outright, and Alex Vanover, 37, and John Elliott, 32, are dying.

Declare K. K. K. Backs Jackson for Governor.

EDWARD JACKSON.

Edward Jackson, Secretary of State for Indiana, is a candidate for Governor, and is said to have the solid backing of the Ku Klux Klan. He declares he is confident of election.

HOW'S BUSINESS?

"We certainly have no right to complain at the volume of business done this fall so far" remarked John I. McElroy, head of the big Higdon-McElroy department store when asked how business in his line compared with the same selling season a year ago.

"We gained at least 33 1-3 per cent in September over the sales of September, 1923, and expect to beat that record during October. We usually put forth a concerted advertising and selling campaign in October each year and this season's business promises gratifying results. We shall perhaps double last year's record."

"A rather optimistic spirit permeates the buying public at present, and although we are facing a rather short crop in this section, prices promise to become better and people are not buying stingily. Mexia's trade territory is becoming greater each season and we draw business from a wide section because of the varied stocks carried. Our business firms deserve a wide patronage. The dry goods business is good."

Higher Court To Hear Questions In Dickson Suit

(By United Press) AUSTIN, Texas, Oct. 8.—The injunction suit filed by Charles Dickson of San Antonio to keep the name of Mrs. Ferguson off the November ballot, will be certified to the State Supreme Court, according to announcement from the Third Court of Civil Appeals here. The list of questions to be certified probably will be submitted to the court today. Counsel for both sides are co-operating in an effort to secure a ruling of the high court prior to election day.

Mexico Modifies Embargo Barriers

(By United Press) HOUSTON, Texas, Oct. 8.—Mexico modified her embargo barriers against the shipment of Texas products because of the hoof and mouth disease outbreak, in all counties with the exception of the four counties where the malady was first discovered. This action followed a conference of Mexican officials with federal authorities in the infected region. The slaughter of 5000 cattle condemned Tuesday started this morning.

Eubanks Extends Welcome To Synod For Mexia C. of C.

Hardy Eubanks, President of the Mexia Chamber of Commerce, extends the following welcome to the Texas Synod:

The business men of Mexia, thru their Chamber of Commerce, are pleased immeasurably to join all Mexia in extending to the delegates and visitors to the Texas Synod and Woman's Synodical, a most hospitable welcome to "The City That Vision Is Building."

Every hand is extended to you most cordially and the business men are anxious to cooperate in every way possible and plausible to make your stay with us memorable.

The Chamber of Commerce joined in the invitation which brought you here and now shares in the joys of your presence. Its headquarters in the city hall, second floor, corner of Main and McKinney streets, are open to you, day or night to render any service which your pleasure or requirements desire.

We, as Mexia citizens are proud of our wonderful home section, so abundantly blessed with marvelous natural resources, developed, developing and undeveloped. But while you may be impressed with our wonderful community, our citizenship is our greatest pride. Our city has almost trebled in population within the past four years and we are yet striving to go forward. Our program of development and growth has never overlooked the necessity of encouraging and fostering spiritual growth along with marks of material progress. We, therefore, feel that your presence here will be an inspiration to us. We will do our best to entertain you while here, but know at the same time that we ourselves will benefit by the larger entertainment which you will afford us.

A. HARDY EUBANKS, President Mexia Chamber of Commerce.

Hornbeck Test To Start Down Sometime Today

J. B. Patty et al expect to resume operations at the Hornbeck test Wednesday. The test is now down 1505 feet and has been idle some several months. The renewed activity there has caused considerable interest at Tehuacana. It is just this side of the Tehuacana hill on which the town is located.

It is west of the Boyd test on the Boyd lease in Northeast Mexia and southwest of Carter and Lytle's Manning number 1, near Wortham.

Practically the entire townsite of Wortham is now under lease, according to reports here. It is declared that the Humble Company has figured in most of the lease transactions. The price paid generally has been around \$200 per acre.

Mead and Wilson were to start drilling in their Davis number 2, near Richland, today.

The Atlantic Company has completed all its operations in the Richland district. Number 5 and number 6 are the last ones to develop into paying producers. The Atlantic's producers are on the Swink.

McIntyre expected to complete the well on the Richards tract the latter part of this week.

The Gulf has made a third location on the Elkins farm, 300 feet North of the number 2.

Gilbert Johnson's Bazette test continues drilling.

NEW CHARTER GRANTED ORGANIZATION HERE

Among the Texas charters issued Tuesday was: Bains Creek Petroleum Company, Mexia, capital stock: \$10,000: W. E. Smith, J. P. Smith and W. T. Church.

NOVELIST DYING

(By United Press) TOURS, France, Oct. 8.—The condition of Antole, France's famous novelist, is believed to be near death, a physician's bulletin said at noon.

OPENING SERMON BY MODERATOR REV. HODGES OF DENISON

At 7:30 P. M. at the Central Presbyterian church, the 1924 Synod of Texas will be called to order for the opening of the five day session.

Prior to the opening sermon, which will be delivered by Rev. J. S. Hodges, Moderator of Denison, a program will be conducted, participated in by other delegates and citizens of Mexia.

Following the prelude by Mrs. George Stubbs of Wortham, the congregation will join in "All Hail The Power of Jesus Name. The invocation will be pronounced by Rev. E. H. Hudson, pastor of the First Presbyterian church of this city. The Central Presbyterian choir will render an anthem "When the Lord Turned Again."

The address of welcome in behalf of Mexia commercial and civic interests will be delivered by L. S. Patterson. The address of welcome in behalf of the churches of Mexia will be given by Rev. Victor K. Aubrey, Pastor Host, of the Presbyterian church; Presentation, by H. L. Hall, Chairman of the Committee on arrangements.

Other features will be the roll call; Communion of the Lord's Supper, Election of Moderator and announcements by Jere Cason, Secretary of the Chamber of Commerce.

The second session of the Synod will be at the Central Presbyterian church, Thursday morning, beginning at 8:30 and is as follows:

8:30-9:10—Bible Hour. Rev. M. Willard Lampe, Ph. D., General Director of the Department of University Work.

9:15-10:00—Synod Divided Into Three Classes: (1) "Of One Blood," conducted by Miss Rose Stewart. (2) "China's Real Revolution," conducted by Mrs. R. M. Graham, representing the Board of Foreign Missions. (3) Rural Workers' Conference. Discussion led by Rev. J. N. Coker. (4) "China's Challenge to Christianity," conducted by Rev. W. M. Cleveland, D. D.

10:00-11:00—General Meeting. Song Service, Miss Anna Walden, Leader. Address, Rev. F. E. Stockwell, D. D., General Director of the Department of Colleges and Seminaries.

11:00-12:45—Business Session. Report of Committee Christian Education, Rev. David H. Templeton. Oregon Plan Program, Rev. Glenn L. Sneed, D. D.

12:45-2:15—Luncheon complimentary to Speakers and Commissioners. H. C. Glenn, Chairman. Address, "Christian Leadership of Men," Rev. Geo. P. Horst, D. D.

2:15-4:00—Business Session. Report of Committee National Missions, Rev. Geo. W. Fender, D. D. Address, Rev. Geo. H. Mack, D. D. Sub-Committee State University Students, 4:00-6:00—Committee Meetings and Recreation.

West Texas Is After Railroad

(By United Press) AUSTIN, Texas, Oct. 8.—The construction of 228 miles of railroad is called for in a charter issued to the Roswell, Lubbock and Memphis Short Line Railway Company, principal office, Houston, capital stock \$250,000. The proposed line will run from Wellington in Collingsworth county, westward across the lower Panhandle counties to a point on the Texas-New Mexico line in Cochran county. The company officials are all Houstonites.

1924 COTTON.

WASHINGTON, Oct. 8.—The condition of the cotton crop Oct. 1 was 53 5-10 per cent normal, forecasting production this year 12,489,000 bales, the Department of Agriculture announced.

R. L. Wheelock of Corsicana was in Mexia Wednesday.

FANS ANXIOUS TO SEE JOHNSON IN BOX WEDNESDAY

By FRANK GETTY
(United Press Staff Correspondent)

NEW YORK, Oct. 8.—Walter Johnson—in the World's Series—on a dark day.

For more than a decade, since the big Washington pitcher, fans have been hoping for that combination.

Today was Johnson's day to make his second start against the Giants and it dawned with darkening clouds obscuring the sun and tag-end of an over-night rain still falling on the Polo Grounds.

If the soaking the ground received does not necessitate postponing today's game, fifth of the series which now stands two and two, the Nationals great pitcher may find things to his liking. By 8 a. m., however, it was brightening up and there was a possibility of the same mid-summer baseball weather that has favored the preceding games returning for this contest.

There will be drama in today's game of the kind that makes baseball worth while.

The second appearance of Johnson should be even more dramatic than his first. His second chance today means everything to the big pitcher.

Johnson is talking of quitting big league baseball after this year. It is possible that this may be his last appearance in fast time. He can stay if he wants to, of course, but he is beginning to hanker for a little bell club "out west somewhere" where there are no road trips and he can be with Mrs. Johnson and their children.

Walter's work today means everything to Mrs. Johnson too. She went to the first game and sat with an arm full of flowers and shining eyes in the box beside that occupied by President and Mrs. Coolidge, hoping and expecting to see her husband win. And when he didn't she felt worse than he did.

Mrs. Johnson was to be at the Polo Grounds this afternoon to watch her husband's big test, his fight to repay Washington fans for their idolization.

New York fans who fill the Polo Grounds in record-breaking numbers

LOCALS

C. W. Johnson was here from Corsicana Wednesday.

Ben Hunt is a business visitor to Waco today.

Mrs. H. J. Travis of Terrell arrived Tuesday for a visit with Mrs. Sophie Travis.

A. H. Eubanks has been on the sick list all this week. He is reported better today.

C. H. Parks, painter and decorator, has removed with his family to Houston.

Mrs. Sallie Kennedy has returned from a visit to Chickasha, Okla. and other points in that state.

Mrs. T. G. White spent Monday in Dallas. She was accompanied home by her mother, Mrs. Kennedy.

Only a few ladies have arrived so far for Synod. The largest delegation of women is expected on night trains and Thursday.

Fire Chief Pittman states that Henry Powell also donated \$10.00 to the fire boys in appreciation for their work in last Friday's fire on Palestine street.

Mrs. B. Inwood, proprietor and owner of the City Hotel, is making considerable expenditure on interior improvements of the building, McKinney and Palestine.

Among the Synod guests arriving in Mexia Tuesday were: Fred S. Rogers of Merkel, T. E. Keasler of Athens, La., R. R. Dockett of Denton and Mrs. B. A. Hodges from Temple.

are going to be behind Johnson to a man, if their performance at the third and fourth games of the series are any criterion. They are for the Senators and against the Giants, mostly, except for that little coterie of rhythmically clapping and hooting spectators who would soil any game with their poor sportsmanship.

During yesterday's game Johnson worked out for awhile in deep left field and the crowd paid almost as much attention to him as to the ball game.

A. E. Epperson has been on the sick list the past two days.

Delegates are now arriving for the Synod on every train. Committees have met all trains since Monday and each have met committeemen and delegates from all parts of the country.

Velvis Gream, who was injured several days ago by an automobile, is able to be out of the hospital today. He will not return to his work at Western Union for several days yet.

L. C. Hunt, driver of one of the local fire trucks has resigned from the Fire Department and left Monday night for New Mexico. His place on the truck has been filled by Roy Robertson.

The general supposition around the Welch Motor Company is that F. W. Welch, the head of the concern, is in the East seeing the World's series. He left several days ago on a business trip to Detroit, but has not written the last few days.

Dallas is probably the best represented of any city in Texas at the Synod in session here. In addition to pastors of that city, Mr. Lawther, former Mayor and Mr. King, prominent real estate man, are among those already here.

Mr. and Mrs. Val Horn and her mother, Mrs. W. B. Kendrick, were Dallas visitors Tuesday, returning today. They made the trip by auto. Mr. Horn reports the roads to Corsicana rough but from there on to Dallas in pretty good shape.

Henry Saylor, aged 75, has recently completed a trip with horse and buggy from the Mexican border to York, Pa., where he is visiting relatives.

Ronald Amundsen, discoverer of the South Pole, has been declared a bankrupt as a result of reverses in connection with his last year's unsuccessful polar expedition.

Some of the ancients believed the world was square. Evidently there were no grafters among them.

Seawanee And Texas A. & M. Game Most Important of Week

Written for the United Press By JOHN W. HEISMAN

Football Coach and Director of Athletics Rice Institute.

HOUSTON, Texas, Oct. 8.—All games in the Southwest Conference this week will be played on Saturday with the exception of the S. M. U.—Austin College battle which will be waged at Dallas on Friday as the opening gridiron attraction of the Dallas State Fair.

The S. M. U. Austin game should be an interesting affair. Austin's football teams have shown steady improvement during the past few years and this year seems to have one of the best squads in the history of the school. S. M. U. has a veteran team and will doubtless prove one of the strongest contenders in the conference. Coach Morrison's men, however, have failed to hit their stride thus far and Austin may spring a surprise on Friday. The odds seem to favor S. M. U.

Howard Payne tackles Texas University at Austin. Texas is favored to emerge victor due to the fact that coach Ames, formerly of Georgia Tech, has hardly had time to build a system at the Brownwood school. Howard Payne is known to have a fighting aggregation and Texas may find them anything but a tender morsel.

One of the biggest games of the Texas season is the clash at Dallas between Seawanee and the Texas Aggies. The latter are mentally and physically ready and have no doubt that they will defeat the Tennesseans. Seawanee was handed a severe jolt last week by Carson-Newman, one of the small schools of East Tennessee. The Aggies had the misfortune to lose the services of Captain "Sittin'" Miller last week. He was an outstanding star for the Aggies but Coach Bible seems to have plenty of material at College Station and I doubt that the loss of Miller will make little difference in their team strength.

Baylor meets the Central Teachers College of Oklahoma on their own field at Waco. The strength of the Oklahoma team is problematic but Baylor will take pains not to sustain a defeat on her own field. Baylor apparently has her usual strong

team. Perhaps the hardest fought contest of the week will be played at Fort Worth with the Texas Christian University warriors and the Oklahoma Aggies arrayed against each other. It is a tough assignment for either team this early in the season. A defeat for either means elimination from the race for conference honors.

At Houston, Rice Institute will

stack their wares against the Southwestern Pirates. The latter have already encountered some of the toughest teams in the conference and in point of experience will have an edge on the Owls who have played but one game. Team work will probably prove the deciding factor. Rice must win to stay in the circuit race.

Arkansas meets Hendricks College. The strength of neither team is well

known at this time. Arkansas will likely win.

Oscar Bollinger was severely injured near Beaumont, Tex., when attacked on the road by an owl, which caused him to lose control of his car and run into deep ditch.

Although vanity is supposed to be a feminine trait one doesn't have to scratch very deep to find it in a man.

"WE'RE GLAD YOU CAME"

Texas Ranks 37 In Support Of Public Schools

FORT WORTH, Texas, Oct. 8.—Texas ranks 37th in its per capita of State and local expenditure for elementary and high schools, the amount being \$7.32 per person. So says Dr. George A. Works, director of the Texas School Survey, in the second of his reports on a study of the sources from which funds are secured in Texas for the elementary and high schools. Montana ranks first in this respect, spending \$22.33 per capita, while Mississippi comes last with \$3.54. These figures are based on the total population.

Texas has a rank of 10 in the per capita of state taxes going to education. Nevada is first in this with an expenditure of \$7.51, and Florida is last with 70 cents, while Texas spends \$3.64. Although Texas takes 10th in per capita paid out of state taxes, it takes first in proportion of total tax paid by the state.

But local communities fall far short in their per capita support of elementary and high schools, giving Texas 43rd place. Texas spends \$2.77 per capita, total population, out of local funds, while Montana spend \$17.64 and Mississippi trails with \$1.72.

In the percentage of the total revenues for providing for elementary and high schools that come from the State, as contrasted with local sources, Texas ranks first. There is no state in which a larger proportion of the revenues for these schools comes from the state treasury.

Dr. Works concludes that the low per capita expenditure is to be explained by the small proportion of the expense of providing for these schools that is borne by the local communities. He believes the state to be relatively generous.

TEAMWORK FOR OUR TOWN

In every city, town and hamlet we may find strong competition in business, differences in politics and religion, social rivalries and personal antagonisms—and these will probably always exist to a greater or less extent.

But there is one common ground on which all should be willing to meet, laying aside personal grievances and prejudices—that is, where the common welfare of "our town" is concerned.

In other words, no matter how much we may disagree and fight among ourselves, we should stand up for our town against all opposition. This sort of teamwork is what makes a town worth while, insures its progress and a better understanding among its people.

By joining with an enemy or rival in some movement for the betterment of the community, we often find him to be a pretty good sort of

NOTICE.

Politics Doesn't Interest Richest U. S. Woman

MRS. J. P. DONOHUE

Mrs. James P. Donohue, daughter and sole heir to the immense estate of her father, the late F. W. Woolworth, chain store proprietor, of New York City, pays more income tax than any woman in America—more than \$1,000,000 a year. Mrs. Donohue does not belong to any political party, and never votes, devoting herself entirely to her home and her children.

FRENCH NOVELIST IS RESTING SOME BETTER

(By United Press)
TOURS, France, Oct. 7.—Anatole, France's famous French novelist, ill here, passed a quiet night but is growing constantly weaker, a physician's bulletin said at noon. "The patient is taking food only with great difficulty," the bulletin said.

fellow, after all.
Development of a strong community spirit is essential to community advancement and no personal feelings should be permitted to stand in its way. Loyalty and teamwork are the things that count.

PIMPLY FACED PEOPLE LEARNING NEW METHOD

It is simply a question of knowing what it takes to clear out those diseases of the skin, like bumps, blotches, pimples, rash, eczema, "breaking out," etc., and the makers of Black and White Ointment, and Black and White Soap seem to have just what the skin needs to get rid of them quickly. The fact that more than two million packages of them are sold every year proves how popular they are.

Black and White Ointment and Soap are economically priced, in liberal packages. The 50c size Ointment contains three times as much as the liberal 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

Protestants And Catholics Organize

(By United Press)
UTICA, N. Y., Oct. 8.—The Hamilton-Jefferson Association aiming to foster a spirit of toleration in economics, politics and religion has been formally launched here.

Fifty protestants, most of them Masons and fifty Catholics, nearly all members of the Knights of Columbus, constitute the charter members of the parent chapter here. New members will be received only in pairs—one Protestant and one Catholic—in order to maintain the balance.

Leaders of the movement are Arthur J. Foley of the Knights of Columbus and William E. Lee, a Mason.

LEAGUE TO MEET SOON.

(By United Press)
LONDON, Oct. 8.—The League of Nations Assembly may meet about December 10 to take up the matter of Germany's admission and possibly Turkey's according to dispatches from Geneva.

MOSCOW, Oct. 8.—The Russo-Manchurian accord is the culmination of the Soviet Government's diplomatic triumphs and a stunning defeat for entente diplomacy, was the expression of the Journal Investia.

Bennie Klock Fixed The Clock

(By United Press)
DETROIT, Mich., Oct. 8.—Bennie Klock, one of the better known Detroit gamblers, is good when it comes to picking baseball winners.

This Mrs. Ollie Klock testified when she applied for an attachment on the \$10,000 which "Bennie" is sure to win "on the World Series." Bennie owes her back alimony.

"How do you know he is going to win that much?" the judge asked.

"Because Bennie is the best baseball picker in the world," Mrs. Klock said. With that proof Judge Codd ordered an attachment on the \$10,000 hoped-for winnings.

Mrs. Klock refused to divulge who Bennie had selected.

ROTARIANS APPOINT COMMITTEE TO ACT THURSDAY AT NOON

There will be no regular meeting of the Rotarians Thursday of this week. President Hardy Eubanks stated last Thursday that the club would on that day entertain the visiting Rotarians, here for the Synod, and in turn would let them furnish most of the program. The event will be held in the basement of the First Methodist church and only those Rotarians in charge of the affair will be present. The committee is composed of Albert H. Berry, A. Garland Adair and Rev. J. G. Putman.

SMOOTH PERFORMANCE

A program of constant mechanical refinement involving the body, engine, clutch, brakes and other units of Dodge Brothers Motor Car, has resulted in an unusual smoothness of performance.

You have only to ride in the car to instantly appreciate the decided freedom from vibration.

TELEPHONE 146

We want the news, all the news of all the people, while it is news, and requests the readers to send in or telephone 146 or 361 news items and personalities of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

the Bible and Jesus will reign in the hearts of men. Go on, ministers of such a Gospel. Let wicked men scoff. Go on, and teach the rich man how to use his wealth, the poor how to be happy in his cottage, instructing all men in the way of salvation and giving all men the hope of immortality. You are doing more for mankind than all the world's philosophy ever dreamed of.

SYNOD FACTS.

The opening program, all business sessions of Synod, Mission Study and Bible hours will be held at Central Presbyterian Church.

The meetings of the Women's Synodical Missionary Society during the day will be held at the First Christian Church.

The evening programs will be held at the different churches of the city as designated on the Synod program.

Synod Headquarters are located at the Central Presbyterian Church, where the secretaries of the Church,

and Chamber of Commerce will be found. We have provided for you registration desk, post office, telephones, every convenience you may need and will be glad to furnish information upon inquiry.

All delegates and visitors should report immediately to the Central Presbyterian church upon arrival in the city.

MEXIA HAS.

Mexia's educational equipment is unexcelled. Here will be found one of the most complete and up to date high schools in the southwest, which with four ward schools, furnish educational facilities equal to the best anywhere. The high school is classified among the first in the state in excellence and actual school work. It is a member of the Interscholastic League of Texas Schools and is fully accredited and offers courses in all branches of education. Mexia has more than \$100,000 invested in Public school buildings. Three of the

Announcements Of Texas Synod

The following announcements of events during Synod week and members of the local executive committees are given for the benefit of the delegates, visitors and others interested:

Texas Synod.

A reception for the Women of the Synodical and their hostesses will be given at the home of Mrs. R. F. Babb, Thursday afternoon from four to six o'clock, by the women of the Central Presbyterian Missionary Society.

A luncheon honoring Rev. George

five buildings are new. The attendance is now approximately 1700. Mexia has almost trebled her population in three years. Her schools have kept pace with her increase. Welcome to Mexia, "The City That Vision Is Building."

P. Horst, D. D., led by H. C. Glenn of Temple, will be given complimentary by the Mexia Lions Club, Thursday at one o'clock, served at the First Christian Church by the ladies of the church.

A fellowship dinner, led by Rev. David H. Templeton of the Christian Education Committee will be given complimentary by the Mexia Rotary Club, Friday at six o'clock, to be served at the Methodist church by the ladies of the church.

A thirty mile automobile trip is planned for Saturday afternoon at three o'clock. Starting at the Presbyterian Church, the tour will include a trip over Mexia, a visit to Westminster College, formerly Trinity University, through the heart of Mexia's great oil field, and a visit to the Confederate Reunion Grounds.

A football game will be played at Nowlin Park Friday, October 10, at 3:45 P. M., between Westminster College and Lon Morris College.

The number of phone in the Church Office is 122.

MEXIA EXTENDS A WELCOME.

All Mexia welcomes the visiting delegations to The Texas Synod and Woman's Synodical.

Seldom, if ever, has Mexia been honored with such a magnificent gathering of consecrated Christian men and women, who are performing well their obligations, to their God, to their home and to their country.

In 1898, the Texas Synod met in Mexia. That was twenty-six years ago. In that time, the Presbyterian denomination has wrought well and increased in power and in numbers.

Those assembled here this week have had a great part in this progress and growth. Texas Presbyterians are keeping well abreast of Presbyterians elsewhere in their loyalty and devotion to their Father and to their faith.

It is a great thing for any community to have so many of God's noble workmen, present at one time, bringing with them the inspiration of a Holy cause.

The faith of Presbyterians is founded firmly on the Book of God and the God of Books.

The ministers here assembled, treat the Holy Scriptures as the Truth. They rest their feet upon Bible authority and there amid its teachings and its promises found their faith and risk their all, going on the assumption that the Bible is true. They give no uncertain sound, preaching the gospel of fear and trembling as well as the gospel of good cheer.

Americans will never know just how much she as a nation owes to such a type on Christian manhood.

To them, we not only bid welcome but urge them to continue in their mighty work. God's eternal truth owns the eternal years, and His Book will yet be the code of all nations, the arbiter of all questions, the referee in all disputes, the grand court of appeal for the world, and

Hospital Fund
Must Be Paid
Month by Month

Rev. C. A. Bickley, Presiding Elder of the Corsicana District of the Methodist church, and district officials of the church, as well as all the pastors and official boards within the district, are making an urgent appeal to Methodists in the section to rally to the call to support the Methodist Hospital in Ft. Worth movement.

The District campaign committee has recently sent out the following letter:

A STATEMENT AND AN APPEAL.
Dear Friends:

The Central Texas Annual Conference, at Weatherford, Texas, November 22, pledged by the vote of the Conference to raise \$500,000, \$100,000 a year, to match the \$500,000, 100,000 a year, that Fort Worth has pledged to build a Methodist Hospital in Fort Worth.

The Corsicana District in District Conference assembled in the Spring of 1923, declared by unanimous vote that the quota of \$83,200, assigned to this District, and we hereby pledge our hearty support to this whole enterprise and to the carrying out of the plan as outlined by the Campaign Committee, and here and now agree to give ourselves wholeheartedly to the accomplishment of this task and as far as we can, pledge the whole membership of the Church in this District to the earliest consummation of this task, to the end that the total quota may be raised by May 27, 1925, or as near thereafter as possible.

This pledge binds all our people in this District, as far as representatives duly elected can bind those they represent. Two-fifths of this amount is due by the Annual Conference of this year.

The Board of Trustees have let contracts calling for the payment of \$20,000 to \$25,000 per month. This is a large sum, but can easily be provided for, if all our people will fall in line and meet the above pledges. Two things are very necessary: First, that the quota of each Church be secured, either in individual pledges or in Church pledges, and that these pledges, properly signed, be sent to the Hospital Office at Fort Worth. Second, that two-fifths of this quota be paid in cash by the meeting of the Annual Conference of this year.

We, the members of the District Campaign Committee, made responsible for the campaign by the Board of Trustees and also by action of the Annual Conference, urge upon you the importance of attending to this matter at the earliest possible date. Delays are dangerous and sometimes fatal. We make this appeal especial-

MEN AND WOMEN IN NEWS OF THE DAY

Colonel Jay Morrow has resigned after six years as Governor of the Panama Canal Zone. Evelyn Nesbit, divorced wife of Harry K. Thaw, has gained consent of New York courts to reopen the contested divorce suit by which Jack Clifford, dancer, divorced her. She alleges she was too ill to defend the suit last June and in a counter-suit names Anna Luther, New York actress, as correspondent. King Hussein, of the Hedjaz, who has been defending Mecca, the Holy City, against the Wahabi tribesmen, is reported to have abdicated.

AUTOMOBILE TOLL OF LIVES.

Fourteen hundred killed in one disaster would shock the nation, yet approximately that number, 1,398 to be exact, met death during the first eight months of this year in New York state alone through automobile accidents, without exciting any particular attention.

While medicine and surgery are working wonders in the saving of human life, the grim toll of the automobile mounts higher and higher

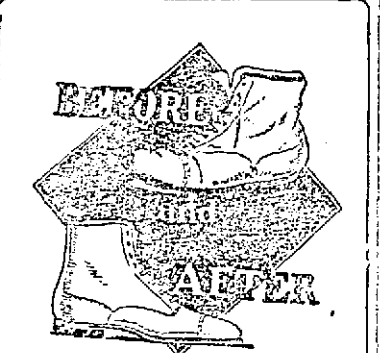

each year. Most of this terrible sacrifice is entirely unnecessary, being caused by reckless or incompetent drivers. The

COLD RECEPTION.

(By United Press)
DALLAS, Oct. 8.—City ordinances may be amended here for the protection of residents against vicious ice boxes.

Two persons received emergency treatment here in one day as the result of injuries sustained by falling ice box lids.

pity of it is that so many of the victims are merely passengers in the wrecked cars, killed and maimed through no fault of their own.

If irresponsible speed maniacs destroyed only themselves, there would be less cause for grief, but unhappily they often escape, while helpless victims pay with their lives for the folly of these criminally careless drivers.

It is estimated that the people of the United States have given more than two billion dollars for Euro-

A CHAMPION EXTRAORDINARY.

To win a national athletic championship is a great feat, but to win it five years in succession is remarkable. This record has been made by William T. Tilden, 24, of Philadelphia, who recently won the national tennis championship for the fifth consecutive time.

He is also tennis champion of the world and probably the greatest tennis player of all time.

This distinction may not be important in point of usefulness to the world, but it stamps its holder as a man of prodigious determination and skill, worthy of emulation and the highest praise.

Roy Woodworth, veteran second baseman of the Bloomington, Ill., team, has not missed an inning or a time at bat in nine seasons.

Stubenrauch Page In Farm And Ranch Attracts Attention

A recent issue of The Farm and Ranch carries on its front page several pictures of J. W. Stubenrauch and his orchard near here, followed on the next page by a story of his experiences and activities in peach culture.

The pictures, the peaches and the article attracted wide attention throughout the southwest to the fruit possibilities of this section of Texas and also to the fact that Mexia has one of ablest farmers in Texas included in its citizenship.

Mr. Stubenrauch is a member of the Board of Directors of the Mexia Chamber of Commerce and has been working for years to attract attention to the "Gold Mines of Tehuacana," speaking particularly of the possibilities of developing a great fertilizer plant Northwest of town, by which the farm lands throughout this section might be enriched.

The Waco Times Herald of Tuesday, in its editorial columns, had this to say:

SPECIALIZES IN PEACH CULTURE.

Away back in the eighties J. W. Stubenrauch gave to the world the "Carmen" peach, which has since made its way wherever peaches are planted. It was the product of the combined blood of Elberta and Bell's October, and was named in honor of a well-known agricultural writer of that time.

Since then Mr. Stubenrauch has originated and tested out scores of other new peaches, and the best of them have been given name and standing among horticulturists only after they had proved their worth under their originator's exacting eye. So conservative has he been in recommending his productions that it has only been within the past few years that they have been commercially propagated.

A writer in Farm and Ranch tells us a visit to the Stubenrauch farm near Mexia would prove a revelation to many Texans, for here they will find peaches maturing from July 1 to October 10, of such variety in character and astonishing size as to command intense admiration for the patience and care that has gone into their creation and production.

Among the many varieties he has produced, Mr. Stubenrauch is rather partial to his "Frank," which is hardy, prolific, and matures about August 15 at Mexia. "Katy" is a late bloomer and matures two weeks later than "Frank," while "Tena" is a heavy producer of high quality, sure bearer, and a week earlier than Elberta. "Kirk" has never missed a crop in ten years, and "Tough-ena" is a magnificent cling with a skin almost free from fuzz and a firm character that enables it to be well colored on the tree and yet stand up under long shipment.

Some pleasant day, when the mood is on, jump into your Ford and run across to Mexia and get from J. W. Stubenrauch some pointers on peach culture. And, to prove your sincerity, exchange a bit of your cash for some of Mr. Stubenrauch's peach stock, and you can thank us by bringing a basketful of the luscious fruit in due season.

U. S. PRINCESS SUES AND DUEL LOOMS

PRINCESS & PRINCESS PIGNATELLI

Princess Ludovica Pignatelli d'Aragon, formerly Miss Ruth M. Waters, of Little Silver, N. J., has left her illustrious Roman husband, finest swordsman in all Europe, and will secure a Paris divorce to marry Andrew Reid, Baltimore society man. In an impassioned scene in the Biarritz Casino, the Prince challenged Reid to a duel, giving him the customary two weeks to answer. Pignatelli is said to have fought thirty sword duels, in all of which he was victor. Reid served in the French aviation corps until America entered the World War, when he joined the American air forces.

A Statement About TRUE STORY

TRUE STORY is today, and it has been since its first issue in May, 1919, under the direct personal editorial supervision of Bernarr Macfadden.

In addition to a group of professional readers, through whose hands must pass every manuscript submitted to the Macfadden Publications, a ministerial board must put its seal of approval on every feature accepted for publication in TRUE STORY.

This carefulness in selection, together with the expression of the high ideals to which TRUE STORY is committed, has given it the most unique position ever attained by a magazine in the hearts and the homes of the American people.

ATWATER KENT RADIO

Back of Atwater Kent Radio there is a tremendous factory with laboratory and manufacturing facilities that are not surpassed in the whole world—

- there is the spirit and guiding impulse of master workmanship—
- there is a nation-wide reputation for precision—and a recognition of the name "Atwater Kent" as a standard of excellence—
- there is the accumulated experience of more than a quarter of a century in the manufacture of precision electrical instruments—

It is these qualities and high standards that have produced leadership for Atwater Kent Radio—and have made it what many consider perfection in radio construction.

Kiddie Kar Looked Like A Dead Man

(By United Press)

SAN ANTONIO, Oct. 8.—"Officers, come quick. There is a dead man lying beneath my bedroom window" was the breathless message poured into the ear of the night-watch at police headquarters in the early hours of the morning.

The murder squad made a flying trip in an attempt to get on the trail of the slayer.

Slipping around the corner of the house, the officers flushed a deserted kiddie car, lying in the shadows of the house.

KNIGHTS TEMPLAR
MEET TUESDAY NITE

Coeur de Lion Commandery, Knights Templar, held a regular meeting Tuesday night and elected nine new members. Next Tuesday night, October 14, was set aside for work in the Red Cross degree, and all candidates for the degree are expected to be on hand at that time, by 7:30 as the class will be a large one and must be handled in one meeting.

AMBITIOUS TOURIST

Mrs. Upstart—Is that a letter from France you're reading?

Daughter—It certainly is! And I'll never speak to him again! He writes that his favorite over there is Nancy and that he intends to see every inch of her before leaving?

Sam Harley of Washington, D. C., when informed by telephone that triplets had been born to his wife, hung up the receiver with a groan and has not been heard from since.

SPORTLIGHTS

Coach Chas. Lewis states that the game Westminster scheduled for Nov. 14 with Hillsboro Junior College has been moved up to Friday, Oct. 17th., to be played in Hillsboro.

It will be remembered that the Hillsboro College played their opening game with Itasca High, which resulted in a scoreless battle. The Itasca eleven should have their complete schedule filled with Junior Colleges instead of High Schools.

The Westminster Wildcats have two open dates on their schedule, Nov. 21st and 27th. Coach Lewis is working on these dates with the intention of playing one of the games in Mexia if possible.

The game Saturday between Lon Morris and the Wildcats will be the last game played at Nowlin park by Westminster unless further change is made in the schedule.

The business men have complained that they are not able to attend games played on Saturday, in view of this fact, Coach Lewis has made arrangements to have the Lon Morris game on Friday afternoon. Do not fail to come out as this may be the last chance to see the strong Westminster eleven in action on the local gridiron this season.

The High School Black Cats will be given an enthusiastic send off by the student body when they leave for their game with Ennis Friday. Not much has been heard from the Ellis County boys this year but it is rumored that they are laying for the Black Cats.

We believe the Cats are going to win, they showed that they had the "stuff" in them by not "blowing up" against the Itasca giants.

The major Southwestern eleven continue to sail in easy water, for the coming week end. Probably S. M. U. will be forced to display some of their tricks in their game with Austin College at Dallas Friday afternoon. The Mustangs have not

I PAID \$5

For These Powders Once By Edna Wallace Hopper
I was asked to offer women my aids to youth and beauty, and I did. They are, I believe, the greatest in existence, for I searched the world to get them.

Then countless women ask me about powders. I am an actress and a movie star. We in our world care nothing for expense. Anything which adds to our beauty is worth many times its cost. So I have long paid \$5 per box, as have others, to obtain the very utmost in a powder. Each lot was made to my order.

Now I have asked the makers to supply these identical powders, in quantities, at prices all could pay. I have agreed to market them to women who desire them. Thus I am able to supply these same powders at 50c and \$1. I owe that to the kindness of the makers.

I use a heavy cold-cream powder, based on my Youth Cream. It clings and stays. This I call my Youth Cream Powder. But many women like a powder light and fluffy. So I have this powder made in two forms.

All druggists and toilet counters now supply my Youth Cream Powder at \$1 and my light Face Powder at 50c. Both come in three shades—white, flesh and brunette.

There may be greater powders in the world, but I have never found them, and I have consulted the greatest experts. I know that anyone who compares them with ordinary powders will be amazed and delighted.

I shall gladly mail you a sample of the kind you want if you will mail this coupon. Please do that now.

Hold Your Nose and Take It Straight

(By United Press)
SWEETWATER, Oct. 8.—“but it wasn't that kind of a kitty.” While the Memphis Chicks were mixing at Ft. Worth with disastrous results for the visitors, another Memphis versus Cat battle here had the same conclusion.

I. C. Brown of Memphis went hunting with a Sweetwater friend. While crossing a pasture, the visitor noticed a black and white varmint and gave chase.

Overtaking the animal, the unsuspecting pursuer learned the lesson that hundreds before him have learned.

HAVE YOU PAID YOUR LAST MONTH'S ACCOUNT?

Today is the 8th.
Tomorrow the 9th.
And Friday the 10th.

Please have your remittance in not later than the 11th.

If for any good reason you cannot pay by that date, come in and make arrangements for same.

Our charge accounts are all cleared thru the Retail Merchants Association, and we want to report all of our customers as No. 1 accounts.

Thank you.

MCDON - McELROY COMPANY

CLEANKIDNEYS BY DRINKING LOTS OF WATER

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to help keep the kidneys an ordinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year. (Adv.)

**SPIVEY LOSES 251 VOTES IN MEXIA
ON RECOUNT OF BALLOTS CAST HERE
IN HIS RACE AGAINST J. A. STANFORD**

Confirming the nomination of J. A. Stanford for Associate Justice of the Tenth Court of Civil Appeals in the first democratic primary, Judge James P. Alexander in the Nineteenth district court yesterday

ished yesterday. Most of the boxes in which Judge Spivey had hoped to find the result of the election had been checked yesterday, and the court allowed him his claims on the balance of the contested boxes. However with the Stanford lead as already established, and the additional loss to Spivey of 251 votes in the recount of the Mexia box yesterday, the majority of 184 for Stanford was established.

Out of the 700 or 800 votes in the Mexia box, it was found, after checking signatures on the backs of the ballots, that only 40 votes could be counted. Spivey's majority there was cut from 284 to 26.
